Why MBP ?

MBP Capital, Inc. and its “Team Members” are a diverse group with longstanding experience in brokerage, multi-family asset management, and ownership.

Our goal is to represent the owners of Multifamily properties in a manner which helps them maximize yields in a way that allows them to reduce worry and time spent on their Multifamily Investments. We manage the assets as if they were our own by planning and implementing business strategies.

Owners enjoy the benefits of real estate investments without the daily hassles which is especially beneficial for our out-of- state clients. Our professional staff is ready to tackle any property and its unique needs MBP Capital, Inc is well rooted in the Texas markets . We have aligned ourselves with the best lenders, property management companies, and title companies in Texas.

Let our staff put together a package showing you what we can do for you and your property.

Our Key Staff includes:

Michael Phillips President & Broker

Mike has been involved in commercial & multi-family ownership, brokerage and management for over 20 years. Originally active in the complex Los Angeles market, he has spent recent times handling sales & acquisitions of Metroplex multi-family real estate, as well as, supervising the management of well over 10,000 units of multi-family properties. He is well versed in the multi-family market, brokerage, and its current direction.

Ruth Nguyen Director of Operations / Asset Management
